Dear Sir/Madam

RE: APPLICATION FOR IT GRADUATE TRAINEE

I am applying for an ICT role within your organization. I build and maintain end-to-end production systems. My experience spans from backend systems, modern web and mobile applications, financial quantitative tools & crypto currency payment gateways, automation and infrastructure. I write low-level scripts, design scalable APIs, model databases & ship complete software products in time. I also have electronics hardware experience with soldering & component diagnostics.

- I developed a dairy farm management system **DFMS** that sends & receives business & IOT data from smart sensors to mobile applications for Kumenberg farm in Chivhu Zimbabwe.(visit website)
- I built a mobile app for MAZWI, a dialogue platform for the marginalized communities in Zimbabwe (launched) in collaboration with Magamba Rural Kiosk. (visit website)
- I built a mobile application extension for Exness Financial Brokerage services (PnLAT-Exnes) for tracking imported trades daily from Exness with AI comment section for future analysis.(visit website)
- Developed a workboard for a logistics firm Ivansons consultancy in South Africa.(visit repo)
- I have developed 2 school web applications for Fees Management FMS & for student accommodation SACC, with multiple websites for various businesses.(visit website)
- I built an automated financial data pipeline that scrapes official central bank data, cleans it and maintains a persistent time-series database in CSV for further analysis.
- Developed an intra-network code & text sharing application for faster onsite code merge by teams.

I bring experience, minimal supervision with practical innovative outcome-driven to solutions. I am positive my experience can add immediate value to your team. Kindly visit my website: delane-nyaruni.github.io

Yours Faithfully
Nyaruni Delane

CORE COMPETENCIES

- **Software Development:** Python Django, Flask & Automation, MERN Stack, Java-Spring Boot.
- **FinTech:** Technical Analysis tools, Expert Advisors (MQL5), PineScript v6.
- **Infrastructure:** Linux/Windows Admin, Virtual Systems, Network Security, Docker, Nginx.
- **Hardware:** Component-level repairs, Electronics soldering, IoT Sensor integration.

TECHNICAL SKILLS

- **Languages:** Java, Python, JavaScript (ES6+), TypeScript, C, SQL, Bash.
- **Frameworks:** Python Django, Flask, React, Express, Spring Boot-3, Tailwind CSS, Bootstrap.
- **Databases:** PostgreSQL, MySQL, MongoDB, IndexedDB, SQLite.
- **Tools:** AI, Git, Docker, Apache Cloud/On-premise Server, Cyber-security auditing utilities.

PROFESSIONAL PROJECTS & ACHIEVEMENTS

Dairy Farm Management System (DFMS) | ZITF 2025 Hackathon

- Developed an agritech IoT-driven system using smart sensors and Deep Learning AI.
- Optimized costs by modeling a hybrid server to reduce cloud dependency with advanced reporting.
<https://dfms.netlify.app>

Financial Technologies, Trading Systems & Web3

- Developed PnLAT-Exnes for Exness active traders financial tracking mobile app.
- Development of indicators, back-tested strategies & EAs.
- Charting Tools: <https://tradingview.com/chart/3t6idjWr>
<https://ninesoftstudio.vercel.app/fn-markets>

School Management Systems

- FMS: A comprehensive school fees management system.
<https://fms.netlify.app>
- SACC: A student accommodation booking and management platform.
<https://sacc.netlify.app>

FN-Markets (Upcoming Mobile App)

- Educational platform for users on economic price movement.
<https://ninesoftstudio.vercel.app/fn-markets>

I hold a Higher National Diploma in Software Engineering, including CISCO qualification certifications in Computer Hardware and Cybersecurity, Harvard Computer science CS50 with over five years of hands-on full-stack development experience, backed by seven years of Linux, Windows, and virtualised systems administration.

PERSONAL DETAILS

Name: Delane Tendai Nyaruni
Gender: Male
Date of Birth: 27 April 1998
Location: Harare, Zimbabwe
Spoken Languages: English, Ndebele, Shona

CONTACT DETAILS

Call: +263 71 792 3425 or +263 78 030 2287
Email: delaneoncodes@gmail.com
Website: delane-nyaruni.github.io

EDUCATION & CERTIFICATIONS

- Higher National Diploma: Software Engineering, TelOne 2023
- CISCO Certified: Computer Hardware, CISCO 2024
- CISCO Certified: Cyber-Security, CISCO 2024
- Clean Class 4 Driver's License
